## TO WHOM IT MAY CONCERN

Over the past few years I have worked with Tessa Apa on an extension to our Kindergarten building, from the Planning Stage through to Completion.

From the beginning Tessa has kept us well informed and has always been available to discuss the project. I have found her to be professional in her approach and very capable in her dealings, not only with us, but with all concerned in the project.

Part of the funding for this project came from the Ministry of Education and the working relationship between Lasque Construction and the Ministry of Education seems to be one of good and open communication.

The building project was completed in October and to date there have been no major issues that have caused us concern.
