To Whom It May Concern:

I am writing this letter as a testimonial letter for Tessa Apa regarding as a Resource Consent from Signature Homes working side by side with the Women group known as the Fakana'ana'a 'i Fale Lalava to lodge the application for the Central Auckland Council for the land property to build a Pre school for the young Tongan communities around Hillsborough and Mt Roskill, Mt. Albert areas.

She communicated to us so efficiently and promptly during the process of the resource consent. She has helped us right from the start up the last minutes, before different stages we went through to where we are now. We appreciated her helped and support right from day one. She has helped us to make few cultural changes for the design that they made the building like what we want to be.

She has been trustworthy, reliable, and efficient and listen with empathy to us as we put forward some of the recommendation to the Signature Homes.

If you want to make any enquiry regarding with Tessa, she is trustworthy reliable and efficient in her approach and very professional and ethical.

Yours faithfully
